

BT 120

Advanced Trailer Tracking

Improved asset, maintenance and yard management through always-on reliable tracking, EBS and odometer connectivity, fast reliable reporting and early warning alerts

The BT 120 is a cost-effective, self-contained dry trailer management and tracking solution, providing asset visibility, theft prevention, improved productivity and better asset utilisation. Integrated with FleetManager, the BT 120 offers real-time asset tracking, robust external door sensors, EBS and odometer connectivity, alerts and reporting.

Using Electronic Braking Systems (EBS) data, fleets can quickly see trailer weights to maximise asset utilisation. Fault codes and “actual distance covered” data provides pro-active maintenance management. Built to last with a tough, tested, ruggedised exterior, the BT 120 fits underneath the trailer for covert installation - with no external antennas. Flexible communication options take advantage of the higher performance and reliability of 4G LTE networks.

Cost-effective Asset Tracking

Highly accurate trailer tracking delivers complete asset visibility at all times.

Instant Alerts of Unexpected Events

SMS / email alerts on door open / close events with external door sensors.

EBS Brake Systems Data

Use EBS data to maximise asset utilisation. Trailer weights show if the trailer is empty or full, improving yard management. Fault codes and “actual distance covered” data determine service scheduling and alerts to potential problems.

Fast, Reliable Data

Take advantage of the higher performance and reliability of 4G LTE networks.

Trailer Odometer Readings

Utilise odometer readings or amount of time elapsed to schedule trailer servicing and inspections to see precise distance travelled by each trailer.

Advanced Battery Technology

Utilising advanced rechargeable, lithium battery technology, the BT 120 provide years of durable operation in extreme operating conditions.

Built to operate in challenging environments

Built to last with a tough, tested, ruggedised exterior. With no external antennas, the BT 120 fits underneath the trailer for covert installation.

**Comprehensive
asset monitoring**

**Instant alerts and
notifications**

**Connectivity to EBS
braking systems**

**Pro-active maintenance
management**

**Integrated with
FleetManager**

Fast, reliable data

Rugged. Covert. Durable.

**Mechanical**

- 8.9 cm x 2.5 cm x 12.7 cm
- 283 gr

Sensors/optional sensors

- GPS, fuel, door open/closed, tethered
- Movement/stationary, virtual mileage
- Door lock/unlock, shock/tri-axial impacts
- EBS

Electrical

- Input voltage: 9 VDC to 36 VDC
- Power: < 2W average for extended battery life
- Load dump protected
- 3000 mA internal battery
- Power management

Certification

- FCC: CFR 47 and 15
- CE: EN 301 721, EN301 489-20, EN300 832
- PTCRB
- RoHS

Environmental

- Operating: -40°C to +85°C
- IP69K Rated

External Interfaces

- Bluetooth 5
- Digital I/O: 1 x I/P, 2 x I/O
- Serial I/O: 2 x RS232
- GNSS: GPS, Galileo, Glonass, SBAS, QZSS, 72-ch

- CAN: 2 x ISO 11898-2/5
- 1 x J1708
- 1 x ADC

Motion

- Accelerometer 3 axis +/-8g
- Gyroscope 3 axis +/-2000°/s

Communications

- Cellular (NA)
 - LTE Bands 2,4,5,12
 - 3G HSPA Bands 2,5
- Cellular (EU)
 - LTE Bands 3,7,20
 - 2G Edge Bands E-GSM, DCS
- Cellular (AUS / NZ)
 - LTE Bands 3,8,28
 - 3G HSPA Band 1

Integration partners

- Innovative Computing Corp
- TMW System (Suites, ICC)
- McLeod Software
- Add On Systems
- SSI
- Prophesy
- TMS Connect - kasasi
- Schmitz Cargobull

VISIT: WWW.ORBCOMM.COM

ORBCOMM (Nasdaq: ORBC) is a global leader and innovator in the industrial Internet of Things, providing solutions that connect businesses to their assets to deliver increased visibility and operational efficiency. The company offers a broad set of asset monitoring and control solutions, including seamless satellite and cellular connectivity, unique hardware and powerful applications, all backed by end-to-end customer support, from installation to deployment to customer care. ORBCOMM has a diverse customer base including premier OEMs, solutions customers and channel partners spanning transportation, supply chain, warehousing and inventory, heavy equipment, maritime, natural resources, and government. For more information, visit www.orbcomm.com.
