

ORBCOMM MOVES INDIA OPERATIONS TO NEW TECHNOLOGY CENTER OF EXCELLENCE IN HYDERABAD, INDIA

*Serves as Company's hub for software application development and customer care supporting
its comprehensive IoT solution portfolio*

Rochelle Park, NJ, and Hyderabad, India, March 22, 2017 – ORBCOMM Inc. (Nasdaq: ORBC), a leading global provider of Machine-to-Machine (M2M) and Internet of Things (IoT) solutions, announced today that it has moved its India operations to a new technology center of excellence for software application development and Tier One customer care in Hyderabad, India. ORBCOMM will host a ribbon-cutting ceremony performed by Mr. K.T. Ramarao, Cabinet Minister for IT of the state of Telangana, Mr. Jayesh Ranjan, IT Secretary of the state of Telangana, and Mr. Craig Malone, ORBCOMM's Executive Vice President of Product Development, to mark the official opening of its new office today at 10:45 am IST.

ORBCOMM's Hyderabad office is the company's largest software development site and houses web and mobile application developers and customer service representatives, who are part of the company's global team of technical experts focused on the delivery of its IoT products, services and solutions. In addition to supporting ORBCOMM's continued technological innovation, the office will supplement the company's North America-based customer care team, which provides 24x7 customer service throughout the full solution delivery lifecycle for over 1.72 million end-user IoT devices on its global satellite and cellular networks.

“We opened our new state-of-the-art facility in Hyderabad, India to accommodate the continued growth and expansion of ORBCOMM's business in the global industrial IoT market,” said Craig Malone, ORBCOMM's Executive Vice President of Product Development. “This office will serve as ORBCOMM's center of excellence for software development and customer care to support our broad portfolio of IoT solutions and deliver the highest level of service to our global customers. We also look forward to collaborating with local technology partners and integrators to deliver ORBCOMM's advanced technology solutions to government and commercial customers throughout India.”
