

ORBCOMM WINS 2016 IOT INNOVATIONS AWARD FROM CONNECTED WORLD

Recognizes the ORBCOMMconnect subscriber management portal for technological advancement and creativity in the IoT market

Rochelle Park, NJ, June 15, 2016 – ORBCOMM Inc. (Nasdaq: ORBC), a global provider of Machine-to-Machine (M2M) and Internet of Things (IoT) solutions, today announced that it has received the 2016 IoT Innovations Award from *Connected World* magazine for its [ORBCOMMconnect multi-network management portal](#).

The ORBCOMMconnect portal gives customers comprehensive control over their wireless services and connected devices, while reducing the complexity of managing and integrating multiple connectivity offerings. With ORBCOMMconnect, customers have access to three [satellite](#) and seven Tier One [cellular networks](#) in a single platform.

ORBCOMMconnect simplifies the process of enabling wireless capability across a broad range of [M2M and IoT asset tracking and monitoring](#) solutions in a variety of vertical markets. Through the portal's robust account management capabilities, both small and large enterprises are able to provision units, enable single or dual-mode connectivity options, set automated thresholds and account-wide alerts to prevent data overages and control subscriber status changes, as well as greatly streamline billing processes. A flexible, secure API seamlessly delivers device data directly into customers' enterprise back-office systems. The [ORBCOMMconnect portal](#) is also available for both iOS and Android devices as a [mobile application](#) to enable subscriber management on the go.

“We are honored to be part of *Connected World's* IoT Innovations Awards again this year, as it demonstrates that our commitment to technology innovation remains a key driver of our success and leadership in the IoT industry,” said Marc Eisenberg, ORBCOMM's Chief Executive Officer. “Through the ORBCOMMconnect portal, we can optimize M2M and IoT service delivery and subscriber management across multiple networks, improving business processes and helping to reduce and control costs for our customers.”

“A number of new and impressive technologies were submitted, and there doesn't seem to be a shortage of creative ideas,” says Peggy Smedley, Editorial Director, *Connected World* magazine. “This round of winners have truly earned the accolades of the *Connected World* editors for creating remarkable solutions that allow businesses to forge new pathways via IoT platforms in an effort to monitor and network operations, or simply to help make our world a little more connected.”

Connected World magazine judged the submissions for their annual award based on IoT products that demonstrated a unique level of versatility and creativity and set new bars for their companies and their respective industries. ORBCOMM and the other 2016 IoT Innovations Award winners will be featured in the June/July issue of *Connected World* magazine.

About ORBCOMM Inc.

ORBCOMM Inc. (Nasdaq: ORBC) is a leading global provider of [Machine-to-Machine \(M2M\) communication](#) solutions and the only commercial satellite network dedicated to M2M. ORBCOMM's unique combination of global satellite, cellular and dual-mode network connectivity, hardware, web reporting applications and software is the M2M industry's most complete service offering.
